Oil- Refined& mustard

Wheat flour-(whole wheat)

Salt (iodized) should be used in the preparation.

Lemon - 1/2 piece may be given in lunch

N.B-After preparation with the amount given, measurement will be finalized for distribution.

2.5 Timing of Diet Supply

The timing of diet supply to the patients is mentioned below for adherence. In no case, there should be deviation in time, not exceeding 20 minutes for each category of diet timing. The diet preparing and distributing contractor would be advised accordingly.

Breakfast: Between 7.30 am to 8.00 am

Lunch: Between 1.00 pm to 2.00 pm

Dinner: Between 8.00 pm to 9.00 pm

Note: Timing of diet and times of diet provision may vary based on the diagnosis and as per the recommendation/prescription of the dietician/doctor. The hospital authority/person designated for the management of dietary services would adhere to the timing as prescribed by the doctor/dietician. Timing for patients prescribed for liquid diets under therapeutic diet may vary based on the advice of the dietician/doctor.

Packed Milk should be opened in front of patient & distributed on the spot as per quantity specified.

Storage of Commodities /Raw Materials:

1. Storage of commodities/raw materials would be the responsibility of the outsourced agency. However, it is to be monitored from time to time by the health institution or any other persons assigned for the purpose. The perishable and nonperishable items should be stored as per the storage specification norms.
2. Care should be taken to avoid quality degradation of the food commodities due to humidity, rodents, insects, etc.

Fuel for Cooking

1. The kitchen should have LPG Connection to be provided by the agency for diet preparation with provision of additional cylinder.
2. Coal and Wood must not be used for cooking excluding emergency cases

Diet Certification

Diet prepared (cooked/dry diet) on day to day basis should be certified before its distribution. The diet certification would be with regard to quality, taste, and its adherence to the specified menu.

Constituting Diet Vigilance Committee [DVC]

For monitoring and supervision of diet preparation, distribution, ensuring diet quality, and overall management of diet, Diet Vigilance Committees [DVC] will be constituted.

The committee members shall meet once in a month to discuss matters related to present dietary services and propose changes if necessary. The Hospital Manager and selected/ Dealing Assistant official staff would be the members of the DVC.

Role of DVC in Monitoring & Supervision:

Diet Vigilance Committee will overall supervise the diet preparation and distribution process. The Diet Vigilance Committee would do regular surprise checks to see the aspects like quantity and quality check of the diet, timeliness in supply of diet, hygiene and other related aspects and report to the head of the concerned Public Health Institution on a periodic basis. The committee members will interact with the indoor patients on quality and quantity of diet and discuss accordingly with the outsourced agency.

Role & Function of Dietetics Section in the Health Institution:

The dietetics section would be expected to perform important functions in dietary services and management. The basic responsibilities of dietetics section would be:

- a. Menu Planning.
- b. Requisition of needed supplies.
- c. Establishment and maintenance of safe food storage practices.
- d. Selection, training, assignment of duties, and supervision of personnel.
- e. Supervision of department sanitation.

- a) The agency outsourced for diet preparation would be responsible for maintaining the store and stock. The agency should assign the responsibility of store keeping to person/s recruited by him/her.
- b.) In case of dry diet, the health institution would maintain the store and stock. In such cases, one person would be assigned with the responsibility of the store and stock who would perform the following role.

Cleanliness:

- a) **Kitchen Staff:** The Kitchen staff should wear clean uniform white on duty and keep themselves clean, i.e., keep hands clean properly including fingernails before cooking, limited conversation among them while cooking and serving, keeping utensils clean and maintaining kitchen cleanliness.

- b) **Dishes/Utensils:** Cleaning of the dishes properly before and after the use would be the responsibility of the outsourced agency. However, it would be monitored by the Hospital Sanitation Committee from time to time. The dishes are to be cleaned and sterilized before and after use so that possible contamination can be avoided. Before service, it should be ensured that the dishes are properly cleaned, sterilized and dried. After the use, all the soiled dishes will be collected and placed in one place for washing. The soiled dishes should be cleaned with hot and soapy water. After wash, the dishes should be cleaned to leave no water stain on the dishes. Again before serving, dishes should be inspected and used. To avoid contamination, which is expected between the cleaning and serving, the dishes should be cleaned once again with boiled water before serving.

Food Handling

The persons of the outsourced agency who are handling food should follow the following:

- a) Keeping their hands clean and use gloves for serving. They should not touch food with bare hands.
- b) They should wash their hands properly after visiting the toilet and before handling food.
- c) Cover cuts, burns and other raw surfaces with waterproof dressings while handling food.
- d) Ensure that food is supplied as per the consumption specification of foods [hot/warm/cold] and as per the direction of the dietician.
- e) Cover the main food container and protect from flies and other pests before and after serving.
- f) Person/s suffering from a discharging wound, sores on hands or arms, discharging nose or who is suffering from attacks of diarrhea or vomiting should not handle food items either during preparation or serving. Persons with such problems should be brought to the notice of the catering manager for taking remedial measures.
- g) However, all the persons associated in diet preparation and its distribution should undergo regular free health checkups in the concerned medical health institution periodically at least once in every month and more particularly during sickness.

General Service Requirements of the Agency:

- a) Operation and maintenance of kitchen equipment including cooking & distribution of the cooked food as per menu/diet chart to each hospital bed and collection of dirty dishes from each bed to the kitchen for cleaning and proper disposal of the hospital kitchen wastes on daily basis at the respective health institution.
- b) Providing good quality hygienic and qualitative food to patients from the kitchen should be conducted under conditions which are controlled, thereby contributing to a reduction in the incidence of contamination in the hospital.
- c) Collection of dirty plates from each bed (Patients) from different indoor departments to kitchen for washing & cleaning. If required, testing & inspection as quality checking and delivery to the each bed and maintaining record with log book/challan on daily basis.
- d) Co-ordination with the hospital authority in arranging food/meal on day to day basis for patient and hospital needs.
- e) Setting up a comprehensive kitchen facility within the space allocated in the concerned health institution to fulfill the requirements of kitchen suitable for providing hygienic & qualitative meals to patients and to avoid any spread of unforeseen contamination.
- f) Keeping up in-house kitchen & store for the concerned health institution functional to serve the breakfast, lunch & dinner at stipulated time as per requirement of the health institution.
- g) Ensuring of comprehensive Patient Dietary Services with utmost care for all equipment and resultant services during the outsourced period.
- h) Providing of necessary preventive & breakdown maintenance of kitchen room and all kitchen equipment.
- h) Operation and maintenance of kitchen with trained engineers/mechanics.
